## Is in the midst of the park

The national park is an unrestricted natural area but subjected to regulations which must be known by all visitors.

## Advices

Caution: patous (livestock guardians)! Seek advice on how to behave near these dogs from tourist offices and National Park information centres.

Before committing yourself to a circuit, ensure that it is suitable for your activity level and ability. You must wear a helmet; further protective equipment is recommended. Respect other road users and stay in control of your speed and trajectory. Make sure your equipment is appropriate for the day's weather conditions. Remember that the weather changes quickly in the mountains. Take enough water. Please close all gates and barriers behind you. No off-roading.

## The Mont Aigoual forest (A)

### “Aigoual, Forêt d’Exception”

The French Forestry Office, which manages state forests, launched a programme in 2013 called “Aigoual, Forêt d’Exception” (Aigoual: An Exceptional Forest) with the aim of highlighting the massif’s natural and cultural heritage. The Forestry Office thus tries to foreground the different aspects of its multi-faceted management: production, protection and receiving visitors. One key aspect of this approach, which complements other initiatives by local actors, is to improve visitors’ experience in the forest.
