

# On Fageas ridge (day 1)

Aigoual

Aire de Côte descente sur la Vallée Borgne (Béatrice Galzin)

You'll have to gain altitude, it's unavoidable!

The ridge path affords views over the serres et valats (ridges and valleys) and over the mountains with their bluish tints. Opposite you, the Cévennes mountains stretch to the horizon.

Aire de Côte, an old forester's house, is now a stopover gite. It straddles two municipalities and two departments: Saint-André-de-Valborgne (Gard) and Bassurels (Lozère). Ideally located for hiking, it provides access in several directions: to the Aigoual massif, north, south, the ridges and the valleys leading to the villages.
