

# Banne

Piémont cévenol nord

Village de Banne (Borre Zimmermann)

**A very shady walk with handsome views onto the plain, the Serre de Barre summit and the Cévennes.**

The Orcières geological faultline on this route gives the scenery a striking contrast. The juxtaposition of limestone and sandstone along the fault explains the differences in relief and vegetation that you will see as you walk from Banne to Le Mazel.

## Useful information

Practice : Hiking on foot

Duration : 3 h 30

Length : 6.1 km

Trek ascent : 249 m
